Don't Miss Out On Our April P200+ System Special

**LEASING NOW
AVAILABLE!**

Amicron 6x86, 16 MB RAM, 3.1 GB Western Digital Hard Drive, 12X CD-ROM Multimedia Kit, 33.6 Fax/Modem, 2 MB Video RAM, Windows 95 SR2, and a 14" SVGA Monitor for only \$1885. Includes delivery & installation, lifetime technical support, and more. For details, request document #704131.

Network Your Office

Contrary to popular belief, computer networking is really very inexpensive. We have been getting a lot of requests lately for small- to mid-sized office networking. All you need to network your office computers together is a network card for each computer (about \$30 to \$60 per card) and some cable to run between the systems (generally between 10 and 30 cents per foot). You may already have all of the software you need. *Windows For*

Workgroups or *Windows 95* is really all you need to share files, printers, and devices such as CD-ROM drives. We can network most small offices for just a few hundred dollars. If you would like details on computer networking, and would like to receive our **free** report on what kinds of networks are available for you, call and request document **#704132**.

PCDoctor

Preventative Maintenance Special

It's spring-time. With spring comes spring cleaning. Every year at about this time we do *tons* of preventative maintenance - so we're offering a spring-time special on our *PCDoctor* service. This includes a complete **cleaning** of your CPU (we open it up and blow all of the dust out that can cause nasty heat-buildup), a thorough **diagnostic** testing (to make sure everything is running properly) and **optimization** of your system files (to ensure your system is running at its best). Normally, this service is \$78 per PC. However right now, we're offering a special spring-time rate of only **\$59** on-site or only **\$49** carry-in. Just like an automobile, computers need regular maintenance and care. It is a *lot* less expensive to have your computers professionally cleaned and serviced than it is to have them repaired if

you wait for a hardware failure. If you would like more information on this service, please call and request document **#704133**.

Your Data On CD-ROM

We can put your valuable data on CD, or you can buy your own CD writer. Request document **#704134**.

By popular request, we've added more afternoon classes!

Computer Training

Schedule For April - May Now Available

Our Executive Training Center schedule for April and May is now available. If you are interested in single or group classes, please call. We have training available in most popular business applications including Microsoft Office, WordPerfect, Windows 95, and more. For a schedule and registration information, call and request document **#704135**.

This Week's Software Picks

We're still very happy with a new piece of software we found called *System Commander* (\$69). It allows you to run multiple operating systems (Win95 with WinNT with DOS, for example) on one computer. We also still have copies of *TurboTax* (\$20) and *TurboTax For Business* (\$30) for you

Please call for more information on any of our products or services. If you would like to request a document, please call 716-837-4685 and give the number of the document you are requesting. Missing back issues? Check our Internet site, or call and request the issues you would like to receive. If you would like to be removed from our fax database, please call or fax us and be sure to leave us your fax number for prompt attention. Thank you. We look forward to serving you.

last-minute tax preparers. Microsoft's new *Office 97* (\$299 for the full version) is a great new upgrade to their classic office suite. Symantec just released the new *Winfax 8.0 For Windows 95* (\$99) which also runs on Windows NT and has a lot of great new features. And for you game-lovers out there, we have copies of *Diablo* and *WarCraft II* in stock for only \$49 each. Prices valid only while supplies last. No rain checks. If you would like details on any of these software packages, request document **#704136**.
